Fall 2021 Dormitory Policies under COVID-19

The Central Disaster Safety and Countermeasure Headquarters of Ewha has took into consideration of the current situation and put much effort in securing the right to study of students and the health of all dormitory residents. To conclude, Ewha has decided to manage the dormitory for Fall 2021 as follows:
1) Single occupancy for single or double rooms, double occupancy for triple or quad rooms, and
2) Students who live within commuting distance in a day are NOT eligible for Fall housing applications

- According to the above rules and taking into consideration of increased offline classes from November and the possibility of lifting COVID-19 regulations by the government, Ewha has decided to additionally assign students to vacant rooms or rooms that are currently assigned as single occupancy but are subjected to double occupancy;: single occupancy for single or double rooms and double occupancy for triple or quad rooms.
- Please apply after deliberation since various situations - both desirable and undesirable - can occur when living with a roommate; during room assignment, there is a possibility of getting assigned at a triple or quad room which is subjected to double occupancy.
- Also, refrain from applying for the dormitory if you are entirely taking online classes for Fall 2021, having no need to come to school to participate in classes.

The housing office mandates ALL RESIDENTS of Fall 2021 to submit PCR test negative results during check-in. We appreciate your cooperation as such are preventive measures for the sake of health of all residents at the dormitory.

Subject	● All FALL 2021 DORM RESIDENTS
Submission	● PCR tests should be conducted within 5 days (including weekends and holidays) from the check-in date. Negative results should be submitted when checking in. ● E.g.) If you are checking in on November 1st, only tests taken and concluded on or after October 27th are considered to be valid.
Procedures	● Residents are advised to take the test near your home address ● Prices, required time for tests, availability of test results and so on may vary among medical institutions ● Note: COVID-19 screening center in Korea (https://www.mohw.go.kr/react/popup_200128_2.html)

Above all, housing policies for Fall 2021 are subjected to change depending on the severity of COVID-19. Please check the housing website frequently for the most up-to-date announcements.

0. Notes for application and assignment procedure

1. Lottery Process: Computerized assignment based on room availability and information on applications
   ※ If the number of applicants for a specific room type exceeds the number of vacancies, it is likely that the students can be assigned to other room types available regardless of the information on the application
   ※ If you want to be assigned only to the room type you applied for, select "NO" for the question "Do you agree that assignments can be made to available spaces and roommates and your preferences may not be able to be accommodated?"

2. How to apply and check room assignments: Please read the attached file #2. "기숙사 지원방법안내문" and note that you can apply through EUREKA only during the application dates.

3. E-House is for freshmen who are newly incoming (getting adjusted) to Ewha. After assigning freshmen, current undergraduate students can apply for the remaining rooms.

4. I-House is for exchange and language center students and there may be male residents in the same building (but different floor).

5. E-House is a suite-style dormitory with single/double/triple/quad rooms in 2-10 person suites. The number of people assigned means the number of people allocated per room, not per unit.

6. Please apply for the dormitory after full deliberation as there can be discomfort caused by noises, differences in personality, age, nationality, living patterns and so on with other residents. The dormitory is a place where you live and share your everyday life with other residents, so please take this into account while applying.

7. Please be aware that the assigned room/dormitory/residence option cannot be changed for personal preference.

8. Additional room assignment will take place due to increasing offline classes and possibility of alleviation of COVID-19 quarantine regulations by the government. There can be roommates for triple and quad room residents and applicants so take into consideration of the possibility of having roommates when applying. If a resident gets a roommate, residents cannot change their room types or dormitory.

9. Due to repair and maintenance, residents of E-House Bldg. 202 & some unit residents of Bldg. 300 will be subjected to changing dormitory buildings and rooms (in E-House) during Winter 2021 after their residences for Winter 2021 have been confirmed.

10. Since internet connection will be used simultaneously used by multiple people over the same internet line, you may experience data disconnection while you use Wi-Fi when participating in online classes so please take this into account when applying for the dormitory

11. If an applicant takes leave of absence, is academically dismissed, the housing office may revoke your dormitory application and you cannot re-apply for dormitory for the semester. Also, you have a duty to notify the housing of any changes in your status. Otherwise, you will be evicted and cannot re-apply.

12. Residents evicted due to accumulated demerit points cannot re-apply for dormitory
